Hey Eugenia – this shouldn't be a problem....however, I will not be able to make it, but Brian can. Please coordinate with him.

Thanks and hope all is well.

Hello Paul,

Marc Greenberg from ERT (our lead work assignment manager for the 10.9 dioxin investigation) got promoted and Steve Blaze will be replacing him in this project. I would like to take Steve (with the Lockheed folks) on a site visit of the Passaic, DASS and Givaudan facility. He is available on Wednesday May 14, would that work for Tierra?

Please let me know,
